

# EU type-examination certificate (Module B) 192140419/AA/02

**Issued** 11 April 2024  
**Page** 1 of 6  
This certificate has THREE Annexes

In compliance with the procedure specified in the **Radio Equipment Directive Scheme RD\_061**, Kiwa Nederland B.V. declares as designated Notified Body 0063 for the Radio Equipment Directive, that the stated product complies with the essential requirements, in accordance with Article 3 of Directive 2014/53/EU and amending Directive (EU) 2022/2380, as indicated under Annex 1 of this certificate, based on the applicable technical standards and specifications as listed in Annex 2 of this certificate.

Product description: **SATELLITE COMPASS**  
Trademark: **FURUNO**  
Type designation: **SCX-20**  
Variants: **See Annex 3**

This certificate is granted to manufacturer:

Name: **Furuno Electric Co., Ltd.**  
Address: **9-52 Ashihara cho**  
City: **662-8580 Nishinomiya**  
Country: **JAPAN**

This certificate remains valid as long as the stated product stays in compliance with the essential requirements of the Radio Equipment Directive.

**General Conditions**

For each product to which this EU-type examination certificate relates, it has complied to the essential requirements as follows:

**Article 3.1**

Radio equipment shall be constructed so as to ensure:

- C (a) the protection of health and safety of persons and of domestic animals and the protection of property, including the objectives with respect to safety requirements set out in Directive 2014/35/EU, but with no voltage limit applying;
- C (b) an adequate level of electromagnetic compatibility as set out in Directive 2014/30/EU.

**Article 3.2**

- C Radio equipment shall be so constructed that it both effectively uses and supports the efficient use of radio spectrum in order to avoid harmful interference.

**Article 3.3**

Radio equipment within certain categories or classes shall be so constructed that it complies with the following essential requirements:

- NA (a) radio equipment interworks with accessories other than the charging devices for the categories or classes of radio equipment, specified in Part I of Annex Ia, which are specifically referred to in paragraph 4 of this Article
- NA (b) radio equipment interworks via networks with other radio equipment;
- NA (c) radio equipment can be connected to interfaces of the appropriate type throughout the Union;
- NA (d) radio equipment does not harm the network or its functioning nor misuse network resources, thereby causing an unacceptable degradation of service;
- NA (e) radio equipment incorporates safeguards to ensure that the personal data and privacy of the user and of the subscriber are protected;
- NA (f) radio equipment supports certain features ensuring protection from fraud;
- NA (g) radio equipment supports certain features ensuring access to emergency services;
- NA (h) radio equipment supports certain features in order to facilitate its use by users with a disability;
- NA (i) radio equipment supports certain features in order to ensure that software can only be loaded into the radio equipment where the compliance of the combination of the radio equipment and software has been demonstrated.

**Article 3.4**

- NA (a) Radio equipment falling within the categories or classes specified in Part I of Annex Ia shall be so constructed that it complies with the specifications relating to charging capabilities set out in that Annex for the relevant category or class of radio equipment.

**Legend**

- |    |   |                                      |
|----|---|--------------------------------------|
| C  | = | Conform                              |
| NC | = | Not Conform                          |
| NA | = | Not applicable (for this equipment)  |
| NP | = | Not performed (for this certificate) |

- This EU-type examination certificate is limited to the Radio Equipment Directive.
- This EU-type examination certificate is part of the Conformity Assessment procedure Module B and C, as described in annex III of the Radio Equipment Directive.
- The validity of this EU-type examination certificate is limited to products, which are equal to the one(s) assessed for this EU-type examination.
- When the manufacturer (or holder of this EU-type examination certificate) is placing the listed products on the European market or the countries of the EEA, he is obliged to label the products with the prescribed CE logo. The CE logo stands for conformity to all applicable Directives.  
Next to the CE logo the manufacturer has to draw up and issue a Declaration of Conformity, declaring that the product(s) described in this EU type-examination certificate, are in compliance with Directive 2014/53/EU and any other applicable EU harmonization legislation.
- Each product shall be identified by means of type, batch and/or serial numbers and the name of the manufacturer and/or importer.
- If the equipment is to be modified, Kiwa shall be notified immediately. Depending on the modifications, Kiwa may have additional examinations carried out in consultation with the applicant.
- Enforcement of a new amending directive voids the validity of this EU-type examination certificate.
- In case any referenced standard in this EU-type examination certificate is withdrawn or superseded and the presumption of conformity with the essential requirements has ceased, investigation by Kiwa is needed to determine the validity of this EU-type examination certificate.

**Remarks and observations**

The following conditions are applicable:

AA/02: Update standards.

AA/01: Update standards.

Model difference: NMEA 2000 for model SCX-20 ; NMEA 0183 for model SCX-21.

Antenna #4 in both models do not support Glonass.

**Technical Standards and Specifications**

## The product is compliant with:

|                |                |           |
|----------------|----------------|-----------|
| EN 303 413     | April, 2021    | V1.2.1    |
| EN 301 843-1   | November, 2017 | V2.2.1    |
| IEC 60945      | August, 2002   | Edition 4 |
| IEC 60950-1    | December, 2005 |           |
| IEC 60950-1/A1 | December, 2009 |           |
| IEC 60950-1/A2 | May, 2013      |           |
| IEC 62368-1    | October, 2018  | Ed. 3.0   |

**Technical features and characteristics**

The product includes the following features and characteristics:

**GPS receiver**

- Operating frequency range: 1575.42 MHz

**GLONASS receiver**

- Operating frequency range: 1602.5625 MHz

**Galileo receiver**

- Operating frequency range: 1575.42 MHz

**SBAS receiver**

- Operating frequency range: 1575.42 MHz

**The product as described in this EU-type examination includes the following type designations:**

|                        |                   |
